

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN INVESTIGATION OF THE SOURCES OF SUPPLY)
AND FUTURE DEMAND OF KENTUCKY-AMERICAN) CASE NO. 93-434
WATER COMPANY)

O R D E R

IT IS ORDERED that Kentucky-American Water Company ("Kentucky-American") shall file the original and 12 copies of the following information with the Commission with a copy to all parties of record no later than May 20, 1994. Kentucky-American shall furnish with each response the name of the witness who will be available to respond to questions concerning each item of information requested should a public hearing be scheduled.

1. Refer to Kentucky-American's response to the Commission's March 4, 1994 Order, Item No. 1, Attachment A. Provide the data for each row of the demand model that is not displayed in the output and explain why each row is not displayed.

2. With respect to Kentucky-American's evaluation of sources of supply other than a pipeline to Louisville:

a. Identify each document that discussed a source of supply option.

b. For each document identified in (a) above, provide a copy or describe its location in the record of this investigation.

3. Are the preliminary reports prepared by Alvord Burdick and Howson the only documentation of cost estimates? Since the preliminary reports are five years old, by how much should the cost figures be increased to reflect current estimates?

4. Refer to Kentucky-American's response to the Sierra Club's first data request, Item 2. Provide supporting documentation for the differences between the cost estimates of Kentucky-American and Brown and Caldwell to implement and sustain annually the interior home consultation program.

5. Refer to Kentucky-American's response to the Sierra Club's first data request, Item 5(f). Explain why the water consumption of the control group decreased 6.9 percent.

6. Refer to Kentucky-American's response to the Sierra Club's first data request, Item 8. Provide a more detailed explanation of Kentucky-American's plans for expansion and its future role as a regional water supplier.

Done at Frankfort, Kentucky, this 6th day of May, 1994.

PUBLIC SERVICE COMMISSION
